

# Welcome

in

- [<Website>](#) [1]
- [<Public>](#) [2]

Welcome to the Technical Support Center for [AbitMORE SCM products and solutions](#) [3], for addressing technical support questions, concerns and service needs.

Do you have an issue (a problem, a question or an enhancement request) with any of our products? Our products are rather sophisticated, and things don't always work as they're supposed to. Therefor, for friendly, fast, accurate and confidential help with all aspects of using our products, please checkout any of these areas of the AbitMORE SCM support site:

- the [issue tracking system](#) [4] for defects and improvements of any of the AbitMORE SCM software [products](#) [5], which replaces the legacy issue tracking system ([Assure](#) [6]).
- information about available and/or planned [releases](#) [7] for any of the AbitMORE SCM software [products](#) [5], as well as our [release calendar](#) [8].
- all sorts of [documentation](#) [9] (user, administration and installation guide) of AbitMORE SCM software [products](#) [5].
- [download](#) [10] any of the supported versions of AbitMORE SCM software [products](#) [5].
- [post questions and participate in discussions](#) [11] about any of the AbitMORE SCM software [products](#) [5].
- the (legacy) issue tracking system ([Assure](#) [12]) for defects and improvements of any of the AbitMORE SCM software [products](#) [5].

If all this still doesn't help to address your issue, please [contact us](#) [13].

Most of this support site is available only for **registered users**. If you haven't registered yet, just use [create new account](#) [14] to submit your registration request. After your request has been approved (which should not take longer then "the next business day") you'll have access to the members only area of this website related to the AbitMORE SCM products for which your company is current on M&E.
